## Scenic Wilderness Pack Trips

For an unforgettable family experience, we offer fabulous pack trips on horseback with great mountain fishing and spectacular views in the Washakie and Bridger Teton Wilderness. Our most popular trip is the Cody to Jackson pack trip, taking you through some of the most remote, pristine and beautiful country in the lower 48 states.

We can tailor trips to your dreams. We also offer a number of different pack trips ranging from 2-10 days. Enjoy fishing, sightseeing or just relaxing in the solitude of the wilderness with your friends or family.
